

## DIVERSITY & INCLUSION

# D & I's Educational Style

WHETHER YOU'RE AT THE BEGINNING STAGES OF LAUNCHING DIVERSITY AND INCLUSION (D&I) EFFORTS IN YOUR COMPANY/ORGANIZATION OR YOU'VE BEEN COMMITTED TO THE JOURNEY FOR AWHILE, EDUCATION AND DEVELOPMENT IS THE KEY TO ONGOING, SUSTAINABLE SUCCESS.

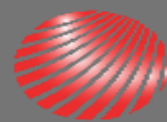

Most D&I education currently being used lacks substance, is confrontational, or is stuck in the conceptual and theoretical, with little practical strategies and/or application. Envision's innovative approach is non-attacking, real-life & practical.

*“Having worked with a number of groups that do the kind of work Envision does, and having screened scores more, I can say without reservation that they are the best I have ever encountered. I would be happy to share any further impressions if you are considering working with this wonderful team.”* ”
